Dear Betty & staff,

I want to thank you and the other man who showed such amazing act of kindness and generosity in helping our family! I have not seen such an act of pure love, kindness and caring since I was a small child. Actually, there are many people in this beautiful town who are kind, loving and full of character that is lacking in our society today. I consider it a privilege to live here.

I just wanted you to know that I truly cried when I was telling my husband what you people did for us. It may not seem like much to others but it was so much more than I expected. I pray that God will bless your company now and the following years to come for you generosity without expecting anything in return. You, as a staff, went beyond the "normal" of today's society. Again, thank you for the stand that you gave to us and the delivery of such.

Sincerely and with much thanksgiving,

John, Faith & Blake Bellecourt

PS-being elderly with Alzheimer's and a disabled son we really needed the help.
